

End and start of academic year including exam results analysis

We believe that GO 4 Schools is an excellent product, enhancing data intelligence, staff engagement and the performance of schools at all levels, ensuring that all staff, students and parents work together to achieve the best outcomes. All secondary schools within the Trust use all modules on GO 4 Schools which has helped to establish consistency and visibility of information at Trust level.

This course is specifically for Data Managers, Senior Leaders or School Managers

This session will be hosted by Jo Hockton who has over 10 years experience as a Data Manager at Sponne School and Data Strategy Manager for the Tove Learning Trust and has been an expert user of all GO 4 School modules since 2014.

Using the years of experience as a Data Manager and user of GO 4 Schools this Hub School training session with Jo will support schools insight into key processes in the preparation for exams analysis and the start & end of the academic year.

This course will cover:

- Preparation for receiving exam results for a smooth upload of results
- Exam analysis overview and set up of key groups with their data
- Locking subjects to protect / amend your co-hort groupings and setting up adhoc subjects
- Setting up feed rules to create non-timetabled subjects
- Markbook design and copying markbooks.

The school set-up and processes will be explained in the context of how this has shaped the effectiveness of Tove Trust policies, and how teachers respond to the information.

The session will be a sharing of processes, and provides advice from an established user of GO 4 Schools as well as giving opportunities to discuss different set ups and approaches.

DATES AND TIMES:

- **THURSDAY 18TH APRIL 2024 10.00—12.00**
- **FRIDAY 28TH JUNE 2024 10.00—12.00**

COSTS AND BOOKING DETAILS

£120 (first delegate), £80 (second delegate). All prices are subject to VAT.

Places are limited to a maximum of two delegates per school. Please complete the booking form to secure your place.

The session will be a maximum of 10 schools to enable the opportunity for attendees to discuss aspects of their use of GO 4 Schools.

GO 4 SCHOOLS - HUB SCHOOL TRAINING EVENTS

Our training events are developed in partnership with our Hub schools. Each 'Hub' has a practitioner with a wealth of experience and knowledge of using GO 4 Schools and is happy to share their insights with other schools.

Current events offered by Tove Learning Trust include:

- New to Go: Data Manager Introduction and set up
- Seating Plans, homework and using data to inform teaching and learning
- Combined: Exam Results and Analysis & End/Start of Academic year processes.
- Managing behaviour, detentions, attendance; parental engagement

See our website for more details: [Engage – Hub school network – GO 4 Schools](#)

Maximise your training:

All courses will be delivered using Google Meet. You will receive an email invite with a link from the trainer in the few days prior to the course.

All delegates will require at least a laptop with a microphone and camera, if possible we suggest access to two screens so you can follow the training and also access GO 4 Schools during the training.

Delegates will need to have **School manager** access in your GO 4 Schools system.
