This event is for schools who are going through their first end of academic year process since implementing GO 4 Schools or for schools who require a refresher on what is involved in preparing for the end of the academic year.

Key aspects covered:
- Preparing for exam analysis
- Locked subjects
- Group management tool
- Student attributes and focus groups for data analysis
- Creating and using snapshots
- Advice and information for data sources and effective data management

Available sessions:
1st and 2nd July 2020. 11:00—13:00

This course is specifically for:
Data Managers, Associate staff or personnel with School Managers’ access in GO 4 Schools for their establishment.

GO 4 Schools is a powerful, joined-up, easy-to-use, online system that allows your staff, students and parents to access the information they need – 24/7 – to work together to improve student outcomes.

GO 4 Schools is unique in the way live current grades are calculated within the Markbook module to measure against school target data. An MIS feed into GO 4 Schools automatically picks up student demographic data e.g. pupil premium, SEN, etc. to enable further filtering of your data to identify key focus groups for intervention.

When linked to attendance and behaviour data this is a very powerful tool to identify and make strategic decisions for school improvement. GO 4 Schools’ holistic approach is designed to give you a pathway to get from where you are now to where you want to be. Our complete training offer supports your staff development and confidence in the effective use of school data.
