Preventing for Ofsted

Costs: £100 (first delegate) £60 (second delegate)

*See reverse for further booking details

Course Details:
The course has been developed from Ofsted inspection feedback from Headteachers and governors of schools that were inspected under the new inspection framework from September 2019. It is suitable for senior leaders who wish to ensure their setup and use of GO 4 Schools is Ofsted ready. Ensuring consistent practice and confidence is embedded across all levels of leadership.

Key aspects covered:

- Practical considerations when preparing for an Ofsted inspection
- How to prepare for the ‘90 minute education call’ with the lead inspector
- Discussion and review of the Deep Dive process
- Exploring how to evidence impact across the 4 areas of the evaluation schedule using GO 4 Schools
- Discussion and review of the latest school inspection handbooks
- Understanding the IDSR, pupil groups and student attributes
- Setting up case studies and creating a narrative informed by data
- How to use actual questions used during inspections to inform school improvement and quality monitoring.

Available sessions:
1st and 2nd July 2020. 11:00—13:00

This course is specifically for:
The course is suitable for senior, extended and aspiring leaders.

You are able to book this course as an additional training session to be delivered at your school with senior leaders and middle leaders to build confidence in discussing data worth an inspection team.

The course content can be adapted to suit your context and requirements, including a greater focus on preparing for inspection or a greater focus on increasing confidence using GO 4 Schools.

GO 4 Schools is a powerful, joined-up, easy-to-use, online system that allows your staff, students and parents to access the information they need – 24/7 – to work together to improve student outcomes. GO 4 Schools is unique in the way live current grades are calculated within the Markbook module to measure against school target data. An MIS feed into GO 4 Schools automatically picks up student demographic data e.g. pupil premium, SEN, etc. to enable further filtering of your data to identify key focus groups for intervention. When linked to attendance and behaviour data this is a very powerful tool to identify and make strategic decisions for school improvement. GO 4 Schools’ holistic approach is designed to give you a pathway to get from where you are now to where you want to be. Our complete training offer supports your staff development and confidence in the effective use of school data.
