Analysing Data for School Leaders

Church Stretton, Shropshire

Costs: £120 (first delegate) £90

(second delegate)* See reverse for further booking details

Course Details:

- ⇒ Are you a senior leader responsible for school standards and GO 4 Schools?
- ⇒ Do you want to extend your understanding of analysing attainment data in GO 4 Schools to improve its effectiveness in your school?
- ⇒ Would it be useful to discuss your approach with like-minded school leaders?

If the answer to these questions is YES, then you need to attend our Analysing data training course specifically for Senior leaders responsible for standards and student outcomes.

This training session will focus on:

- Analysis of key performance indicators for KS4 and KS5
- Analysing subject statistics to see strengths and areas of challenge
- Understanding how key interest groups perform across subjects
- Forensic analysis of individual teaching groups
- Using data to impact on teaching in the classroom
- Triangulation of behaviour, attendance and attainment data

Available sessions:

Thursday 7th March 2019 9:30-1:30pm

This course is specifically for:

Senior Leaders or aspiring Senior Leaders

GO 4 Schools is a powerful, joined-up, easy-to-use, online system that allows your staff, students and parents to access the information they need – 24/7 – to work together to improve student outcomes.

GO 4 Schools is unique in the way live current grades are calculated within the Markbook module to measure against school target data. A MIS feed into GO 4 Schools automatically picks up student demographic data e.g. pupil premium, SEN, etc. to enable further filtering of your data to identify key focus groups for intervention.

When linked to attendance and behaviour data this is a very powerful tool to identify and make strategic decisions for school improvement. GO 4 Schools' holistic approach is designed to give you a pathway to get from where you are now to where you want to be. Our complete training offer supports your staff development and confidence in the effective use of school data.
