Email: events@go4schools.com or Tel: **01223 967556**

Event Objective:

To introduce GO 4 Schools to primary and secondary schools. This event is ideal for schools looking to work more effectively with their data to support whole school improvement, covering assessment, attendance, behaviour, seating plans and homework.

GO 4 Schools works by extracting data such as the schools timetable, teaching structure and student demographic information from the schools MIS to populate the database.

GO 4 Schools is compatible with many MISes, including SIMS, Facility CMIS, Progresso, ISAMS and Bromcom. Please contact us if you use a different MIS as we may well support it.

Who should attend:

Head teachers, Data Managers, SLT members responsible for assessment and curriculum, teaching and learning and pastoral.

Available sessions:

Wednesday 27th February 2019 - 16:00 - 17:30

Wednesday 16th May 2019 - 16:00 - 17:30

GO 4 Schools is a powerful, joined-up, easy-to-use, online system that allows your staff, students and parents to access the information they need – 24/7 – to work together to improve student outcomes.

GO 4 Schools is unique in the way live current grades are calculated within the Markbook module to measure against school target data. A MIS feed into GO 4 Schools automatically picks up student demographic data e.g. pupil premium, SEN, etc. to enable further filtering of your data to identify key focus groups for intervention.

When linked to attendance and behaviour data this is a very powerful tool to identify and make strategic decisions for school improvement. GO 4 Schools’ holistic approach is designed to give you a pathway to get from where you are now to where you want to be. Our complete training offer supports your staff development and confidence in the effective use of school data.
