

4 SCHOOLS

KEEPING EVERYONE IN
THE PICTURE—24/7

GO 4 Schools CPD events
are developed with the
ethos of :

‘Improving together’

We aim to extend your
knowledge and confidence
in school data, to support
a sustained
implementation and the
opportunity to share
practice across schools.

Our customers receive the
most relevant and up to
date information about a
range of modules and key
updates in education and
functionality.

Building and
strengthening our
response to schools’
requirements to ensure
we are supporting you
effectively.

Advice and training in all
key modules of GO 4
Schools is available
delivered by the Education
Services team.

Hub School Event St Hild’s Church of England School

See reverse for further booking details

Email: events@go4schools.com or Tel: **01223 967556**

Event Objective:

To introduce GO 4 Schools to primary and secondary schools. This event is ideal for schools looking to work more effectively with their data to support whole school improvement, covering assessment, attendance, behaviour, seating plans and homework.

GO 4 Schools works by extracting data such as the schools timetable, teaching structure and student demographic information from the schools MIS to populate the database.

GO 4 Schools is compatible with many MISes, including SIMS, Facility CMIS, Progresso, ISAMS and Bromcom. Please contact us if you use a different MIS as we may well support it.

Who should attend:

Head teachers, Data Managers, SLT members responsible for assessment and curriculum, teaching and learning and pastoral.

Available sessions:

20th March 2019 - 2-3:30pm

Booking details:

If you are interested in attending this event, please email your details (school name, name, job role, MIS) to the below address:

Email: events@go4schools.com or Tel: **01223 967556**

This event is free to attend.

GO 4 Schools is a powerful, joined-up, easy-to-use, online system that allows your staff, students and parents to access the information they need – 24/7 – to work together to improve student outcomes.

GO 4 Schools is unique in the way live current grades are calculated within the Markbook module to measure against school target data. A MIS feed into GO 4 Schools automatically picks up student demographic data e.g. pupil premium, SEN, etc. to enable further filtering of your data to identify key focus groups for intervention.

When linked to attendance and behaviour data this is a very powerful tool to identify and make strategic decisions for school improvement. GO 4 Schools’ holistic approach is designed to give you a pathway to get from where you are now to where you want to be. Our complete training offer supports your staff development and confidence in the effective use of school data.

School information

We are a smaller than average secondary school in the North of England and changed to GO 4 Schools in January 2016. As a school we required a system to allow us to become more transparent with the information we collected on pupil progress, have a means to share the information easily with Parents/ Carers, Pupils and the Governing Body, and to help all pupils make rapid progress in their education. GO 4 Schools is the product that is helping us achieve this. GO 4 Schools is intuitive to how schools operate by constantly improving the facilities they offer. This is supporting the development of our school including adapting to the new expectations in examinations and assessments at all levels.
