

**4 SCHOOLS**

DEMONSTRATION SCHOOL

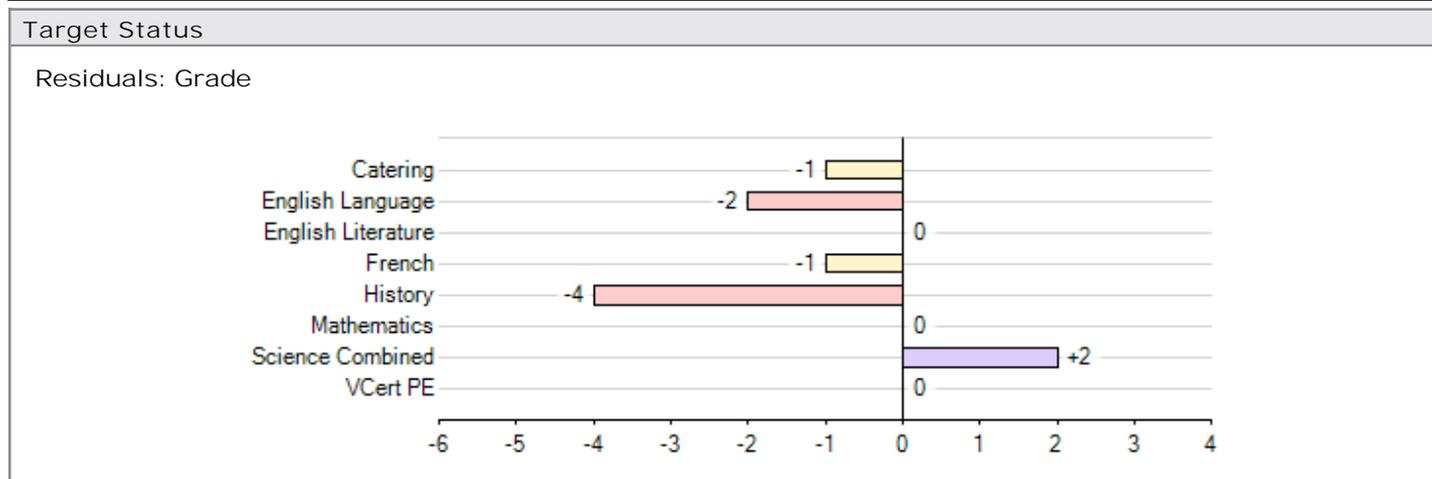

Year 10 Summer Report

---

Name: Natalie ADAMS (10D)

---

Subject	External targets	Predicted Grade	School Residual Scheme	Attitude to Learning	Comment and curricular targets
Catering	Level 2 Merit	Level 2 Pass	Below target	Variable	Natalie has at times worked very hard and performed very well in the different units of this course. I would urge you to click through to the markbook data on the student page to see just how well she has done! To improve further we will work on her evaluation skills for distinction marks.
English Language	6	4	Well below target	Disappointing	Natalie does not work well in English language and is not making good progress. Her writing needs to improve. To improve further, Natalie would benefit from fully revising compound verbs and then incorporating them in her written work. I will be setting work for Natalie using the homework module on GO 4 Schools to help her with this. You will be able to see the homework set for her on the student page and I urge you to sit down with her for 20 minutes a week to help her with this.
English Literature	5	5	On target	Good	Natalie is capable of doing well in English Literature. Her writing at times can be of an excellent standard, although all too often it is variable. To improve further she is required to attend subject intervention sessions. You can monitor progress via the student page.
French	4	3	Below target	Variable	At times Natalie is engaged in lessons and seems to enjoy French. Her speaking is excellent when she has the confidence to try. Her ability to do well in this subject is largely being hampered by her poor attendance on key days. Having looked at Natalie's attendance on record on the student page, she has been absent 6 times which has coincided with speaking tests etc. Consequently, the Attendance Officer will be monitoring this closely and will be in contact with home if this trend continues. To improve further she will be required to attend the French intervention group.
History	5	1	Well below target	Disappointing	Natalie is a very capable student who unfortunately is under-performing in this subject. This is largely due to behaviour. A full breakdown of the incidents in class can be viewed on the student page. To improve she needs to attend intervention sessions.
Mathematics	4	4	On target	Good	Natalie is capable of achieving her target grade. At the moment however, she is not attending enough after-school intervention sessions as can be seen in the maths intervention markbook on the student page. To improve further and reach her target grade she must attend all intervention sessions.
Science Combined	4/4	5/5	Above target	Excellent	Natalie is excellent in Science both in and out of the classroom which can be seen by her feedback and her positive behaviour points on the student page. To improve further she would benefit from attending after-school enrichment sessions which I am sure that she would enjoy.
VCert PE	Pass	Pass	On target	Good	Natalie works well in PE and is currently predicted to achieve a pass. She is capable of improving her grade further however. As such, I have assigned merit and distinction tasks via the homework module of GO 4 Schools.

Attendance Information		Behaviour Information	
Percentage attendance:	98.42%	Positive points:	915
Attendance:	374	Negative points:	-30
Authorised absences:	6		
Unauthorised absences:	0		
Possible sessions:	380		

Target Indicators

■ Well below target (2)  
 ■ Below target (2)  
 ■ On target (3)  
 ■ Above target (1)

Reports summary
