GO 4 Schools is a powerful, joined-up, easy-to-use, online system that allows your staff, students and parents to access the information they need – 24/7 – to work together to improve student outcomes.

GO4S is unique in the way current grades are calculated within the Markbook module to measure against school target data. A MIS feed into GO4S automatically picks up student demographic data e.g. pupil premium, SEN, etc. to enable further filtering of your data to identify key focus groups for intervention. When linked to attendance and behaviour data this is a very powerful tool to identify and make strategic decisions for school improvement.

GO 4 Schools’ holistic approach is designed to give you a pathway to get from where you are now to where you want to be.
Oakwood High School - GO 4 Schools Hub School

“GO 4 Schools drives every aspect of our support for pupil attainment, attendance and behaviour. We use the full suite of modules to track pupil progress, identify barriers, intervene and monitor the impact of our intervention as well as communicating with pupils and their parents/carers.

We believe in the principle of collaboration, both within and beyond our local community.

We are happy to share our journey with other schools whilst continuing to develop our own practice.”

Oakwood High School

Further Information

Following on from this event, if you’re interested in visiting us again for an individual session to see GO 4 Schools in action at our school, please contact Nicola Moorhouse or Maxine Ward on 01709 512222.

Alternatively, for more information about a GO 4 Schools subscription please contact the GO 4 Schools Customer Service team on 01223 967556 option 1 or enquiries@go4schools.com. The team will be delighted to provide you with further information including a price quotation based on your school size and modules required.
