

## Data managers:

### Analysing data

A training course specifically developed for school Data managers that need to improve their knowledge in the use of data analysis tools in GO 4 Schools.

Enabling you to support school improvement by identifying patterns and trends and monitoring the effectiveness of interventions.

#### Course Details:

This course is specifically aimed at Data managers or key school staff with **School manager** access in GO 4 Schools with a responsibility for maintaining and reviewing high level attainment data across their school.

#### Key aspects covered:

- Student attributes – set up and using for analysis
- Key statistics and performance measures
- Subject statistics overview
- Using subject interactive ribbons effectively
- Data Explorers for more detailed analysis
- Using charts for pivot tables and scatter charts
- Generating snapshots of reports to analyse progress over time and cumulative data.

Building knowledge will help Data managers to set up high quality data views for analysis for all staff at all levels, embedding the use of data to support school improvement and engagement. No need to print out data reports and more time to validate the accuracy of the data produced.

A system health check is completed for all attending schools with advice on your set up.

Time will be given for delegates to discuss and share ideas of how they are using GO 4 Schools.

#### DATES AND TIMES

In-house courses will be reviewed to comply to the most current guidance regarding COVID-19.

- **19 May 2021      9.30 —14.00 (4.5 hours training based in Cambridge — Wednesday)**

The course is also available to book exclusively for your school.

## COSTS AND BOOKING DETAILS
